Dear Examiner:

Facts

Applicants received a Notice of Missing Requirements with mailing date of February 16, 2007. According to the Notice, Applicants are required to provide an Oath or Declaration of the inventors, in compliance with 37 CFR §1.497(a) and (b), identifying the application by the International application number and international filing date, in addition of the late submission of filing fee, search fee, examination fee or oath or declaration, as set forth in 37 CFR §1.492(h) of \$130.00 for a non-small entity.

Remarks

Applicants filed PCT/US2004/041561 (Attorney Docket No.: 03-061WO) on December 9, 2004 claiming priority to Provisional Patent Application No. 60/527988. The names of the inventors were listed on pages 1-3 on the PCT Request Form, and pertinent PCT General Powers of Attorney were filed for each inventor with the Request.

Upon review, it appears that page 3 of the PCT Request was inadvertently not submitted to the United States Receiving Office, consequently the names of the last three inventors were not listed on the Published International Application:

TULLEY, Stephen C.

GELMAN, Geoffrey M. and

TEDESCO, Robert C.

Conclusion

According to CFR §1.497(d), Applicants respectfully submit for your consideration and acceptance a statement from each person being added as an inventor, attesting that any error in Inventorship in the international application occurred without deceptive intent on his part.

Authorization to Charge Fees

Please charge the required fee of \$130.00 as set forth in CFR §1.492(h).

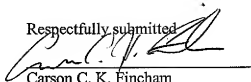

Additionally, please also charge any other fees that may be required for this Response, or credit any overpayment to Deposit Account No. 50-0271.

If an extension of time is required, or if an additional extension of time is required in addition to that requested in a petition for an extension of time, please grant a petition for that extension of time which is required to make this Response timely, and please charge any fee for such extension to Deposit Account No. 50-0271.
